THE GREAT BASIN UNIFIED AIR POLLUTION CONTROL DISTRICT REQUESTS PUBLIC COMMENT ON THE DISTRICTS' DECISION TO ISSUE A TITLE V PERMIT TO CR BRIGGS IN PANAMINT VALLEY

Pursuant to District Rule 205, and Federal Clean Air Act, the District solicits public comment on proposed issuance of a Title V operating permit to CR Briggs, a gold ore processing operation about 8 miles south of Ballarat CA on Wingate Road, in Panamint Valley. The process at CR Briggs is not being altered. A new regulation, 40 cfr 63 subpart EEEEEEEEE, Mercury National Emission Standards for Hazardous Air Pollutants for gold ore processing operations, requires the acquisition of a Title V permit. If you have question about this project, please phone Jan Sudomier at (760) 872-8211. The District will accept written comments in its office until the close of business on July 7, 2014. Submit comments to: **The Great Basin Unified Air Pollution Control District, 157 Short Street, Bishop, California 93514.**
